**CHATURYUGA SUDOKU.** First , let us see what CHATURYUGA means.

Chatur means 'of four'. Yuga means 'age' or a period of time. It is the cycle of four Yugas of time which repeats like seasons on earth. However , these time-Yugas are very very long compared to our calendars on earth. Let's say they are on Lord Brahma's calendar.

What are the names of the 4 Yugas ?

1. **Sat Yuga** ,also known as Krit Yuga

People in this Yuga were generally very calm, peaceful, intelligent and lived very long lives.

2. **Treta Yuga**

Lord Ramchandra appeared in this Yuga. People were generally noble, and kept their promises. Truthfulness was important.

3. **Dwapar Yuga**

Krishna Himself appeared in this Yuga. People in this Yuga were generous and good at warfare. The Mahabharat war took place in this Yuga where Krishna sang the Bhagavad Gita to Arjuna on the battlefield.

4. **Kali Yuga**

This is the Yuga we live in currently. Krishna appeared as Lord Chaitanya Mahaprabhu in this Yuga. People in this Yuga do not have all the good qualities of the previous ages and their lives are much shorter. Hence, the Hare Krishna MahaMantra given by Lord Chaitanya , is considered the powerful medicine of this Yuga.
